any way to fix a crack in granite from sink corner out 4 inches through overhang

Yes, there is a way, but it is certainly not a DIY project. Only a dozen or so (at best) of proficient stone restoration professionals in the whole country could do a repair like that in a way to be permanent an invisible.

May I ask you now to please read and e-sign our Statement of Purpose at: <http://www.marblecleaning.org/purpose.htm> ?

Ciao and good luck,
