---

Hello Maurizio, Great website! I would like to know your thoughts on installing Turkish Tumbled Travertine Pavers (StoneLocator Brand) around my pool. I live in the Texas Panhandle and we have some freezing weather in the winter. The dealer tells me it will hold up fine in my area. I'm not sure. Also, if it is a product I can use, is it better to install on concrete or sand. I would like your professional opinion. Thanks, Melissa

Dear Melissa:

Green light across the board!

My preferred method is installation on sand or dry pack.

May I ask you now to please read and e-sign our Statement of Purpose at: <http://www.marblecleaning.org/purpose.htm?>

Ciao and good luck,

Maurizio Bertoli
