

granit & marble slabs with mold underneath

Authored by: **Maurizio Bertoli** [mailto:mbstone.com]

Saved From: <https://marblecleaning.org/knowledgebase/article.php?id=1299>

Can you tell me about black mold under granit or marble counter tops? thank you Sue

Dear Sue :

And what would you like me to tell you about it?

Mold can form under suspended slabs if there are possible recurring humidity conditions in those areas.

If you care to know how to get rid of it, a product like MB-9 is œyour manœ. J
