---

Q. Hello--- I have giallo santa cecilia. I've been in the house 16 months and it looks terrible (tiny chips on top). Looks like it needs to be repolished. Is there a way to repolish the granite countertop once installed? I'm in Atlanta---any recommendations of contractors most appreciated.

A. Yes, your granite countertop can be polished while installed. Please go to [www.stoneandtilepros.com/findapro.php](http://www.stoneandtilepros.com/findapro.php) to locate a qualified restoration provider in your area.
