Q.i caught my contractor coloring (with a black sharpie perm marker)on a very white spot on my countertop that i pointed out. he also was coloring all white seams where the bullnose on my island and all corners of my new countertops. homedepot said this is fraud! it's probably fake granite. is this true?

A.Please tell me some background.What type of granite?

Where did you buy it?Who picked It?

Why was the contractor trying to hide white spots on the granite?

Do the white spots belong there or did something happen?

Fraud?Hard to say just yet-Give us more details.
