Q.I am remodeling my bath room and am putting marble tile in the shower and want a corner marble seat which my marble supplier is makeing for us. I need to know how to install and support it so it will not pull away from the tile if weight is put on it? Do you have a websit or insturctions I can downloan for my installer. I would appreciate any help you can give. Thank You, Dorothy

A.Hi Dorothy-we dont do installations sorry.Go to the john bridge forum where they may help you.You are going to print out instructions for your installer?Installations of stone in a shower is a pretty serious undertaking. Installations done from written instructions may not be in your best interest.
