---

Q.Can you use Pledge orange oil to enhance tumbled marble tiles? My tumbled marble tile backsplash was never enhanced by our installer and when wet, the colors are stunning I would like to permanently enhance the tiles and thought that the oil would act similarly as it does with an unfinished or natural wood--enhance and protect. Thank you

A.Maybe never tried or even thought of that.

Hey why dont you use a bona fide product like mb-6 to color enhance your stone. After all I think the orange oil is a wood cleaner! Anyway you may have some problems using an oil to enhance your stone.
