Q.I just had my counter installed and I'll like to take proper care of it from the beginning. We use our kitchen for every meal (don't eat out much) and we like all kinds of food. I'm looking for advise on care, products, routine maintenance and trouble shooting. Also are there any local dealers of your product? I live in Newmarket Ontario. Help?

Hi Helen-Sorry for the delay in responding. Great choice on the blue pearl. It is very dense stone which will not require sealing. It will be easy to take care of. A product like mb-5 will keep it nice and clean. You wont have any problems with this stone so enjoy.

We dont have any distributors in canada yet. Call our office at 888-473-3235 and speak with laura. She will help you.

Stu Rosen
