---

Q.We don't now what adhesive was used & now want to replace a damanged acrylic sink, undermounted to granite. How do we determine WHAT the 'adhesive" and/or sealer was in order to remove the sink?

A. Hi-Best thing to do is call a bona fide fabricator who can change out your sink. You will be glad you did!

Find one at [www.stoneandtilepros.com](http://www.stoneandtilepros.com)
