Q. Hi - We are planning on using a Florida Tile Limestone called Salem Gold in our master bath on the floor and shower. I have been reading some of your Q&A's. What are your recommendations for this? Thanks.

A. Hi Laura- I am guessing the limestone is a honed or matte finish. Some limestones dont do well in shower stalls so check with the installer and seller of the stone.

Hopefully they know the stone as I am not familiar with salem gold. Use our mb-1 to keep it clean and seal it with our mb-4 stone sealer.
