Which product would you recommend for cleaning a granite grave marker? Barbara Turner

Dear Barbara:

It all depends on what kind of soil you have to remove and how often it has been cleaned.

Usually a product like MB-9 works great, but I want you to understand that this answer is given as a general indication for lack of more detailed information.

May I ask you now to please read and e-sign our Statement of Purpose at: <http://www.marblecleaning.org/purpose.htm> ? :-)

Ciao and good luck,

Maurizio Bertoli
