We have bought a house which has stone floors. We want to know if we need to use special kind of caulk for the bathroom floors. Your help would be greatly appreciated. Thanks. Shobna Banga

Dear Shobna:

Any good-quality caulk will do.

Now remember, it's never too early to think about the proper maintenance of your stone. **The issue of what you'll be doing day in and day out to your stone is very important** and it's all too often neglected. As you can tell by reading many of this site's postings, you're not likely to get good information about it from your dealer or installer. Don't become another statistic! By logging into the Helpful Hints section of our website at: <http://www.marblecleaning.org/helpful-hints.htm>, you will be able to get the short version of our maintenance guidelines at no charge. The full version of it â€” a 7-page document considered by many as an industry benchmark â€” is available in pay-per-download format in our Educational Literature section at: <http://www.marblecleaning.org/literature.htm>.

And remember, every single penny of the cost of the literature will be used to support this site and its cause: **your** cause.

While you are in the â€œHelpful Hintsâ€” section, do spend some time reading all of the interesting FREE articles you'll find in there!

Finally, keep in mind that we need your support to help us helping you!
