My customer wants to install travertine in her kitchen. She has 5 small dogs living there. Is this an advisable flooring for her situation? Thanks, Harry

Dear Harry:

It all depends on the way the stone is finished. Highly polished is a HUGE no-no under the circumstances. Honed and filled is iffy at best.

Brushed or tumbled **and filled** would be all right.

May I ask you now to please read and e-sign our Statement of Purpose at:
