Our chimney leaked and water sat on our marble hearth. Now that spot is no longer shiny. What do I use to correct this?

Dear Michelle:

I wish all queries were *that* easy!... :-)

Get hold of a reputable stone restoration contractor that will hone (light grinding) and then re-polish the surface of your stone. Your homeowner insurance should pick up the tab.

May I ask you now to please read and e-sign our Statement of Purpose at: <http://www.marblecleaning.org/purpose.htm> ? :-)

Ciao and good luck,
