I am doing research in preparation for our pool remodel. Could you give some advise regarding the best natural stone to use as a pool decking and coping? We live in Boise Idaho

Dear Carolyn:

In descendent order:

Flamed or bush-hammered granite Shistose rocks (but not all of them) Saw cut and unfilled, or tumbled and unfilled travertine

Don' even think for a minute to apply some sealer of sort to any of them!

May I ask you now to please read and e-sign our Statement of Purpose at: <http://www.marblecleaning.org/purpose.htm> ? J

Ciao and good luck,

Maurizio Bertoli
