i have black galaxy granite in mmy kitchen,and have got white hard water stains all around the sink. Is there some way to remove these marks?

Dear Sahena:

That's an easy one:

[Remove the worst with a razor blade and then finish the job with a soap film and mineral deposit remover rated "for natural stone" like MB-3 \(<http://www.mbstonecare.com>\)](#)

Easy enough for ya?... :-)

[May I ask you now to please read and e-sign our Statement of Purpose at: <http://www.marblecleaning.org/purpose.htm> ? J](#)

Ciao and good luck,

Maurizio Bertoli
