

Kashmir White Granite

Authored by: **Maurizio Bertoli** [mailto:mail@mbstone.com]

Saved From: <https://marblecleaning.org/knowledgebase/article.php?id=584>

Purchased a new condo and unfortunately had to pick out Kashmir White for our countertops in Kitchen/Bathrooms. This will be a rental property. I have been told the installer has sealed the granite. Whatever that means. Do you still suggest the products listed in maintenance guide to use?

Dear Avis:

The first thing that you have to do is to find out if the fabricator/installer sealed your stone properly. Do read the free article about a good sealing job that you will find at: <http://www.marblecleaning.org/helpful-hints.htm>.

Once you established that, which in the case of Kashmir White is paramount, and “if necessary” taken all the necessary steps to finish the sealing job, you will encourage your tenants to use a sound product like MB-5 for routine cleaning.

May I ask you now to please read and e-sign our Statement of Purpose at: <http://www.marblecleaning.org/purpose.htm> ? J

Ciao and good luck,

Maurizio Bertoli
