

Bluestone Patio Stains

Authored by: **Maurizio Bertoli** [mailto:mail@mbstone.com]

Saved From: <https://marblecleaning.org/knowledgebase/article.php?id=590>

My patio has stains from my neighbors tree. There are red stains that when I scrub the patio with bleach and soap the stains disapper only to return a few days later. I have two dogs, so any chemicals must be safe. The cost of the patio was tremendous. Please help.

Dear Marie:

Have the branches of the tree that invade you property cut in way not to present a problem any more. Once that's done, a few hard rains and the good ol' sun will eventually take care of those stains.

May I ask you now to please read and e-sign our Statement of Purpose at: <http://www.marblecleaning.org/purpose.htm? J>

Ciao and good luck,
