Any suggestions on how to remove scratch in the finish of the countertop?

Dear Phil:

Do I have any suggestion? Of course I do: hire a proficient stone restoration contractor who can handle a job like that.

Figure that, hopefully, there are probably no more than a couple of dozens professionals in the whole country who could pull that off. If you're lucky one of them is from your neck of the woods... :-)

May I ask you now to please read and e-sign our Statement of Purpose at: <http://www.marblecleaning.org/purpose.htm>
? J

Ciao and good luck,

Maurizio Bertoli
