---

Hello, ive bought some tropic brown worktops and when they got here i find a few have large stains on them. Fabricator tells me its natural. I think they would have to be "seconds" . Can i send you the pics of these stains and maybe you could advise me whether they are seconds? Also possibly there is a colour changing product (darkening) which might conceal the stained area. thanks very much -----liam

Liam:

Send me pictures at: [mail@mbstone.com](mailto:mail@mbstone.com)

Ciao and good luck,

Maurizio Bertoli
