---

Hello. I have a black slate fireplace surround that always looks dull/dirty/chalky. Any advice/product on how to make it look nicer? Thanks for your time, Rich

Dear Rich:

If the stone looks good to you when wet, then a good-quality stone color-enhancer like MB-6 will give you the same look permanently.

May I ask you now to please read and e-sign our Statement of Purpose at: <http://www.marblecleaning.org/purpose.htm>
