---

what should I use to clean and protect my kitchen countertops, they are white carrera, I have a partial bottle of italian craftsman polish that the installer gave to me, but it does not remove the moisture ring marks. I have heard not too use anything with ammonia, is that true ? can I buy something to clean it properly or do I need to mix something myself?

Dear Elizabeth:

White Carrara marble in a kitchen?... And then you worry about some acid etching (what you call "moisture ring marks")?... Hmmmm!

I'm afraid that you picked the wrong stone for the application! L

That said, although it will not represent the final solution for all the "miseries" you will have to endure, by logging into the Helpful Hints section of our website at: [http://www.mbstone.com/HH\\_promo/helpful\\_hints.htm](http://www.mbstone.com/HH_promo/helpful_hints.htm), you will be able to get the short version of our maintenance guidelines at no charge. The full version of it " a 7-page document considered by many as an industry benchmark " is available in pay-per-download format in our Educational Literature section at: <http://www.mbstone.com/literature/literature.htm>.

And remember, every single penny of the cost of the literature will be used to support this site and its cause: **your** cause.

While you are in the "Helpful Hints" section, do spend some time reading all of the interesting FREE articles you'll find in there!

Finally, keep in mind that we need your support to help us helping you!
