Put in stone last year and we are getting lots of holes and dull look would like it to shine. Would like to get info on the best sealer Thank you for your time shine and seal any suggestions? Thank you

Dear Todd:

About the holes, they have to be professionally re-filled.

As for the dullness, it is certainly not by applying a sealer to your stone that you're going to make it shiny. Stone is polished mechanically, by abrasion and friction, like gemstone, not by slapping some sealer onto it.

Your only option is to hire a bona fide stone restoration contractor who will lightly grind (hone) and re-polish your stone.

Now, you'd better watch out! I consider stone refinishing as the very pinnacle of all the activities related to stone from a professional point of view. Unfortunately, there are a lot of quacks on the loose out there! You get one of those, and you may even have to kiss your stone bye-bye!

How could you tell a champ from a chomp? Could you trust the recommendation of your local stone distributor, or contractor, or your interior decorator? Hardly!

We have available a very comprehensive article on how to select a *bona fide* stone restoration contractor, which will give you all the intelligence you need to make a competent choice. It does carry a small price tag, and you can order it by logging on the Educational Literature section Of our website at: <http://www.mbstone.com/literature/literature.htm>. It's available in pay-per-download format and I consider it a cheap "insurance premium" to pay when there are thousands of \$ involved! Not to mention the little and much needed support you'd be giving to the cause "YOUR cause, since every single penny of the cost of the article will be used to support it.

Also, will you please read and sign our **Statement of Purpose** at: <http://www.marblecleaning.org/purpose.htm>? By spreading the word about this valuable site among your friend & family and the stone trades' people you've been dealing with you will be rendering everybody a valuable service!

Moreover, do take advantage of the plethora of FREE Helpful Hints available at: [http://www.mbstone.com/HH\\_promo/helpful\\_hints.htm](http://www.mbstone.com/HH_promo/helpful_hints.htm). They're on the house!

Thank you.
